“Uplifting the masses with passion and empathy through affordable education”

BRIEF ABOUT CDT GROUP GERMANY

Updated: 22nd December 2023

CDT Group is a grouping name adopted by putting together three organizations that work together for a common purpose of changing the lives of individuals for a better. These are, according to their founding dates: *Central International University-CIU*, in 2022, *Diversity Learning Institute-DLI*, in 2012, and *Twikatane e.V Charity* in 2017. All entities are registered in Germany, Zambia and Kenya, other countries.

We are pleased to announce that through the relentless works of DLI, the founding member, in Germany, (which even got recognized by the State of Hamburg), saw the birth of the other two organizations Twikatane e.V Charity and CIU.

Our mission is to impact Zambia in a similar and better way through the earlier experiences earned in Germany/Europe.

Among others, with effect from 2024 our programs will further expand to offering:

- i. Skills-Vocational Courses (SVCs);
- ii. University Foundation Course (UFC),
- iii. Undergraduate; Master's, and Doctorate (P.HD).
- iv. Others are African Soils Against Poverty (ASAP);
- v. Educational Exchange Program (EEP);
- vi. Research Exchange Program (REP), and
- vii. International Business Trade (IBT).

Brief Profile

- **The Refugees in Germany:**

Between 2014 and 2017 - Germany; our organization helped the German state of Hamburg, and nearby cities, to welcome and uplift the lives of over 1500 refugees who stormed Germany from Syria, Iran, Iraq, Georgia, Kazakhstan, and other war torn nations. We taught them German, offered social counselling, skills courses/programs and helped them in getting jobs. This help project was rendered for free.

- **The First Zambian Contract:**

In 2020, the Zambian government through the ministry of education gave us a contract to use the nationwide state institutes for our help projects.

- **Contract Renewal:**

In 2022, the contract was renewed through the ministry of education.

- **German & Zambian Government Recognition:**

Between 2014 and 2020; we received uplifting written communications, borne out of our good works in Germany, from the Hamburg then Governor (who is now the

“Uplifting the masses with passion and empathy through affordable education”

German Chancellor). We also, received positive communication recognition for our efforts from The Office of The German President and the German Parliament (Bundestag) which represents the 16 states of Germany.

- **Help Projects:**

In September/October 2021, our Help-Projects were warmly received by The Zambian Vice President's Office, who in turn facilitated engagements with the Ministry of Foreign Affairs and International Cooperation directorate and the Zambian Embassy in Berlin among other ministries in Zambia.

- **ASAP/AE:**

From 2021 to 2022 we offered a free Skills-Vocational Course (SVC) called Agribusiness & Entrepreneurship (AE) under our department called African Soils Against Poverty (ASAP). We taught the needy/vulnerable Zambians, Congolese and Kenyans via online and physical classes. Eventually, we graduated them on 27th September 2022. Today, they own cooperatives and agricultural related business.

- **UFC and OPC in Zambia:**

From 2021 to 2022 we also offered a free course in university foundation course(UFC) and old people care (OPC) to the needy/vulnerable in Zambia. The OPC are currently doing their internships at various hospitals, while the UFC youths await their results to proceed to our specialized sponsored undergraduate degree courses.

- **New Skills-Vocational Courses(SVCs):**

November 2023 we started a new program called In-House Learning (IHL) by offering free-sponsored SVCs to the active grades 10, 11, and 12s who are in various schools across Zambia. eir normal school schedule and only one or two lessons per week will be offered.

Our theme is **“Catch Them Early (CTE)”** and let them be productive while at school. This is intended to ensure that upon leaving school they will have had already been empowered with a skill or an entrepreneurship project/business. This project also prevents the youths from engaging in illicit lifestyles after school thus leading towards living a purpose filled life. The project has now been extended to include **school-leavers and the public**.

We would like to state here that it is our firm belief that in cooperation and partnership with the German and European industries, we expect to produce the best out of our learners for a better future/life.

- **Higher Studies:**

With effect from 2024, through Central International University-CIU, Zambia will be blessed with study programmes in University Foundation Courses (UFC), Undergraduate, Master's, Doctorate (PHD), Research Exchange Programs (REP),

“Uplifting the masses with passion and empathy through affordable education”

Educational Exchange Program (EEP). All affiliated with Germany.

- **International business Trade (IBT):**

The IBT department was recently created to facilitate cooperation/partnerships with different categories of investors, funders and developers for Zambia and other parts of Africa where CDT Groups has links.
