

SCHOOL OF ENGINEERING AND AVIATION TECHNOLOGIES (SEATS)

Dieter Reuss, Electric Engineering MS.c., PostStudy
Co-Head of SEATS, CIU
Expert, Engineering Consultancy and Strategic Development,
Germany-Zambia

Brief Profile:

- *Worked at Federal Postal Service, microwave radio relay.
- *Army: Maintenance invisible reconnaissance drones.
- *Telekom at line construction.
- *Telekom IBM Mainframe (MVS and VM) as a system programmer and Chairman for desktop publishing.
- *Post AG on IBM Mainframe on the same system.
- *Building and engineering companies (repairing/maintaining houses).
- *Assisting new startups.
- *A member of S4f (Scientist for Future - energy transition of heating).

**Study By Full & Part-Time &
Contact Distance Learning(CDL)**

SEATS COURSES

The School of Engineering and Aviation Technologies (SEATs) offers the following courses at various levels stretching from Skills & Vocational Course(SVC), Certificate, Diploma, Undergraduate, Master's and PHD.

1. Cabin Crew Training & Aviation Hospitality
2. Commercial Pilot Training: Instrument and Multi-Engine Operations
3. Green Power: Exploring Energy Production from Natural Resources
4. Solar Energy Production & Technology
5. Electricity Production from Garbage & Waste
6. Building & Construction
7. Mechanics in Light & Heavy Vehicles

WHO CAN APPLY?

Skills & Vocational Courses(SVCs):

- Active Pupils G8 to 12(Forms 1 to 5), and School Leavers

Tertiary Education:

- Direct Entry: School leavers with Full G12 Certificate
- Upgrading: Certificate, Diploma Holders
- Mature Entry: Considered Case-by-Case)

OUR VISION

Vision of the School of Engineering and Aviation Technologies (SEATs) in Zambia and Africa:

The School of Engineering and Aviation Technologies (SEATs) envisions becoming a leading center of excellence in engineering, aviation, and sustainable technology education across Zambia and Africa. Our goal is to bridge the gap between theoretical knowledge and practical industry expertise, equipping students with world-class skills that drive innovation, economic growth, and technological advancements in the region. SEATs aims to empower future engineers, aviation professionals, and sustainability experts to lead Africa toward a technologically advanced, environmentally responsible, and globally competitive future.

SEATS AIM

Main Aim of SEATs in Zambia and Africa

The main aim of SEATs is to provide high-quality, industry-focused education in engineering, aviation, and sustainable technologies, ensuring that students gain the practical skills and theoretical knowledge needed for real-world applications. We strive to:

- Develop a skilled workforce capable of addressing Africa's engineering and aviation industry challenges.
- Promote innovation and sustainability by integrating renewable energy solutions and green technology into our programs.
- Enhance aviation training standards to meet global airline and safety regulations.
- Foster self-employment and entrepreneurship through skills-based learning in construction, mechanics, and energy production.
- Collaborate with international institutions and industry leaders to offer students globally recognized qualifications and opportunities.

Through SEATs, Central International University (CIU) Germany is committed to transforming Zambia and Africa's technological landscape, empowering youth with essential career skills, and contributing to sustainable development across the continent.

Welcome Message By CEOs

Evans Lukomona, CEO, President, Germany

Maria C. Brachetti, Deputy CEO, Italy

Francis Kaluba, Afro-CEO, Zambia

At Central International University (CIU) Germany-Zambia, we believe that education is the key to unlocking limitless opportunities for individuals and communities across Zambia and Africa. Our mission is to equip students with world-class knowledge and practical skills that prepare them for successful careers in engineering, aviation, and sustainable technologies.

By enrolling with CIU Germany, you gain access to:

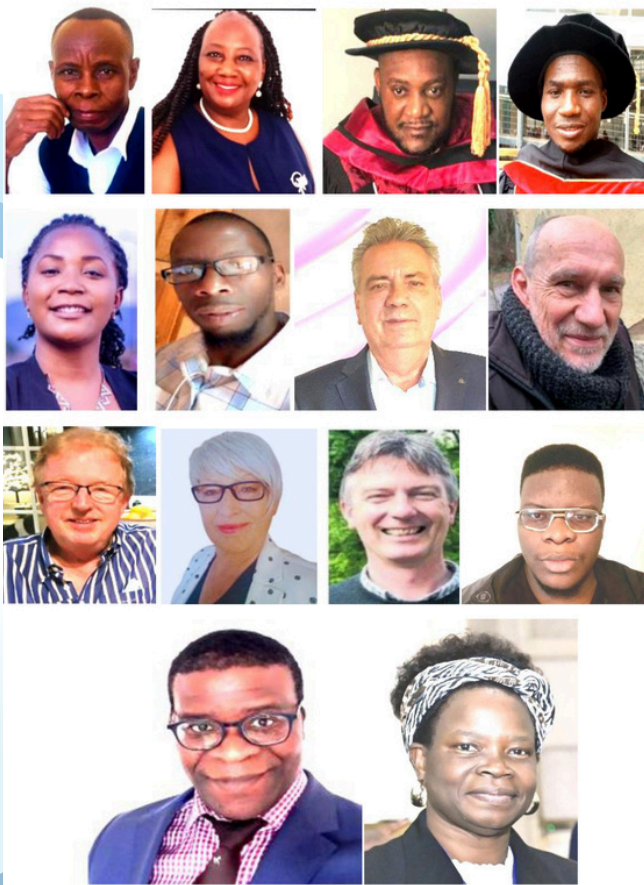

- ✓ *Earn globally competitive qualifications that open doors to opportunities worldwide.*
- ✓ *Our programs focus on real-world applications, ensuring graduates are job-ready.*
- ✓ *Study in fields like aviation, engineering, renewable energy, and construction, which are crucial for Africa's economic and technological growth.*
- ✓ *We offer various levels of study, from Skills & Vocational Training (SVC) to Ph.D., making education accessible to all.*
- ✓ *Connect with international experts, companies, and industries to boost your career.*
- ✓ *Affordable & Accessible Education – We believe quality education should not be a privilege but a right for all ambitious learners.*

Join CIU Germany today and become part of a future-driven generation transforming Africa!

Your success starts here!
